Subject: RE: Tipo Tinto Aging report - 2023

Good morning.

Just to be 100% sure.

You indicated that you have 19 cases of leaking stock.

From the 19 cases you indicated that 16 x 6 packs are fine (4 cases). Can this be put back into stock if you receive trays?

You have 151 loose cans which are not leaking (6.29 cases). The total leaking cans will then be 247 (10.29 cases). I get a total of 20.6 cases and not 19 cases.

Please will you confirm if the numbers below are for all the stock codes or just for the leaking cans.

If it is all stock codes you, please need to split the numbers so that I can prepare the correct paper work per stock code.

Kind regards
