

Figure 1 illustrates the experimental setup. A subject is seated at a table, looking at a video screen. A camera is positioned above the screen to capture the subject's view. A light source is positioned to the left of the screen to illuminate the scene. A scale bar is shown below the screen to provide a reference for the size of the objects. The diagram is labeled with 'Subject', 'Video Screen', 'Camera', 'Light Source', and 'Scale Bar'.
