Hi Conley

Thanks for the results

@Mtshali, Brian M Kindly please arrange with LR for the 50 bottles 660ml and 50 POC crowns to be delivered to Signal Hill Products plant

The current results have a lot of out of spec results.

Kind Regards

Morning Promise

Please see feedback below from our QC manager.

My suggestion would be to please send more bottles and crowns (48 units should be sufficient) to do another trial.

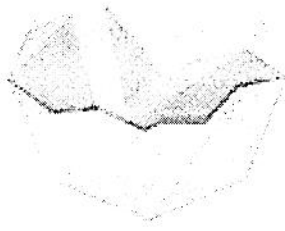

Looks like the trial was done before they looked at the brief and outcome required.

I am not happy to share this data as part of crowing capability at all.
The filling was only tested, with no attention placed on crowning capability.

See below results, which was expected, as the samples were visually not crowned to standard:

Hi Conley

I hope you are good. I am following up on the request we spoke about yesterday for you to liaise with the production team to use the existing 300ml bottles and crowns that were delivered to SHP so that we can do the cold torque analysis as per trial brief

We need this urgently by Friday latest for us to make informed decisions
