Figure 1. A schematic diagram of the experimental setup. The subject is seated in a chair, viewing a screen. The screen displays a target (a red dot) and a starting point (a green dot). The subject's hand is positioned at the starting point. The distance between the starting point and the target is labeled as d . The subject's hand is moved towards the target, and the distance between the hand and the target is labeled as x . The subject's hand is stopped at the target, and the distance between the hand and the target is labeled as x_f . The subject's hand is then moved back to the starting point, and the distance between the hand and the starting point is labeled as x_b . The subject's hand is stopped at the starting point, and the distance between the hand and the starting point is labeled as x_{b0} .
